County Agent Signature: _____

BOW DIVISIONS

Archers shall compete in the Bow Division that allows **all** of the components of the bow, sight, and release method being used, although all components are not required to be present. For example, a Bare Bow is not required to have a 12" stabilizer even though it is allowed, and a compound bow with no sights using a mechanical release would shoot in Bowhunter or Unlimited class because of the release.

Primitive Bow (PB): Longbow or Recurve with finger release and no sights or blemishes/marks on the riser or string that could be used for sighting. No stabilizers are permitted. String Walking is not allowed. The archer shall touch the arrow with the index finger against the nock throughout the shot cycle. In the case of physical disability of the arms or hands, a chew strap located at the nock may be used in place of fingers."

Bare Bow (BB): Any bow with finger release and no sights or blemishes/marks on the riser or string that could be used for sighting. A single straight 12" maximum stabilizer is allowed." String Walking is allowed provided that two nock locators are present adjacent to the arrow nock. A fixed crawl locator is not permitted. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers.

Limited Bow (LB): Any bow with finger release and fixed sights with a length of 5" or less. Peeps with clarifiers or verifiers are allowed. A single straight 12" maximum stabilizer is allowed. Sights that are adjustable without the use of tools or sights with a lens are not allowed. No sight may be adjusted once the scoring has begun.

Bow Hunter (BH): Any bow with mechanical release aid, and fixed sights with a length of 5" or less. Peeps with clarifiers or verifiers are allowed. A single straight 12" maximum stabilizer is allowed. Sights that are adjustable without the use of tools or sights with a lens are not allowed. No sight may be adjusted once the scoring has begun.

Unlimited Bow (UB): Any bow with mechanical release aid, stabilizers of any length, V-bar, any sight including movable sights or sights with a lens, and written information. Sight may be adjusted any time during the round, but only by the Archer. (Not the coach.)

Olympic Recurve (OR): Recurve bow with finger release, clicker, kisser buttons, V-bar, stabilizers of any length and any length single movable sight with written information or multiple pin fixed sight. Sight may not incorporate a prism, lens, or leveling device. String peeps or marks on the string in front of the eye are not allowed. Sight may be adjusted anytime during the round but only by the Archer. (Not the coach.)
